This policy is a legal requirement and outlines the roles and responsibilities within the Yorkshire Agricultural Society (YAS) to ensure compliance with its statutory and moral obligations for health and safety at the Great Yorkshire Show.

All Staff (permanent, temporary and contracted), Exhibitors, Stewards, Judges and Visitors are required to comply with the Show Health and Safety Policy and any legal obligations placed upon them.

This policy conforms to the Health and Safety at Work etc Act 1974, the Management of Health and Safety at Work Regulations 1999 and other relevant legislation.

Organisational Responsibilities

Operations Manager: Nigel Morgan

Facilities Manager: Joe Leahy

Show & Trade Stands Co-ordinator: Michelle Mackay

Event Safety Officer: Phil Atkinson

Show & Trade Stands Officer: Emma Donnelly

Livestock & Entries Co-ordinator: Amanda Stoddart-West

It is the overall responsibility of the Operations Manager to ensure that the policy is implemented, and individual responsibilities are fulfilled so far as is reasonably practicable.

The Operations Manager will ensure that all activities under the management and control of the YAS fulfil their statutory requirements with regard to health and safety at the Great Yorkshire Show.

The Operations Manager is responsible through effective planning in ensuring that risks involved in work activities and the control measures in place are communicated through a process of briefings and a staff and officials guidance booklet.

The Operations Manager will ensure that the locations under the control of the YAS and used in connection with the GYS are maintained in a safe condition, entrances and exits used for the movement of people, animals and vehicles are safe and without risk so far as is reasonably practicable.

The Operations Manager assisted by the Facilities Manager will provide up to date safety information for staff, exhibitors, contractors and visitors if individuals are exposed to new or increased risks or are exposed to any substance that may be hazardous to health. The use of all hazardous substances will be supervised by a competent person at all times.

The Facilities Manager is responsible for the management of all Facilities Department staff, contractors and their activities at and in connection with the Show.

First Aid

First aid and medical facilities for the Great Yorkshire Show are provided by a specialist medical contractor who will provide extensive coverage for the 4 days of the show. First aid points are clearly identified on the showground and on maps and in catalogues. All contracted medical personnel are qualified first aid or Emergency Care Practitioners. Persons needing hospital care will be transported to Harrogate District Hospital. There is a dedicated Medical Centre on the Showground with a Doctor in attendance when the Show is open to the public. The Medical Contractor has trained staff at the Show to assist with adults and children at risk.

Emergency Procedures

In the event of a major incident during the Great Yorkshire Show the YAS/GYS emergency procedures will be put into effect. See supplementary document **GYS Major & Critical Incident Plan (January 2020 Revised)**.

Fire Precautions

All staff, temporary workers, contractors and exhibitors must comply with the Show Fire Risk Assessments which conform to the requirements of the Regulatory Reform (Fire Safety) Order 2005. This includes persons in charge of activities within temporary structures and marquees including multi-occupancy units.

Prior to opening all trade stands must have a suitable fire extinguisher, a suitable means of raising the alarm, i.e. a battery operated alarm, an air horn or bell. In the case of very small trade stands a verbal warning of fire may suffice. All trade stand staff must understand how to raise the alarm and what action is required in the event of a fire. This requirement is an essential part of the trade

stands contract with the Society. Failure to fulfil this requirement will result in a stand or marquee remaining closed as it compromises the fire safety standards for the Show.

All fire exits must be clearly marked and the route to them will be kept clear at all times. No person shall place an obstruction in aisles, corridors or walkways that are designated escape routes at any time. Fire extinguishers and other safety equipment will be located at easily accessible points and will be clearly visible and identified as fire safety equipment. No person should attempt to use any fire safety equipment which places themselves or others at risk. Fire safety equipment must not be moved, tampered with or used to prop open doors.

The use of naked flames, or any direct burning appliance is prohibited within multi-occupancy marquees and trade stands. This includes candles and other similar items of any type.

Any person who discovers a fire should dial 999 and inform Event Control or Black Gate Security Point when Event Control is closed.

To supplement any portable fire safety equipment carried on machinery or plant the YAS will have additional equipment on the site located in the Facilities Department.

Vehicle Movements/Speed Limits on the Showground

Vehicle movements are not permitted on the Showground when the Show is open to the public except essential service and emergency vehicles. The maximum speed limit on the showground for any type of mechanically driven vehicle including ATVs and Quad bikes is 20 mph unless indicated otherwise. This should not be exceeded under any circumstances and due care and consideration should be demonstrated by the drivers of all vehicles when the show is open to the public particularly in crowded public areas and when livestock and horses are moving or visible. In public areas if the volume of the public is so great as to be a hazard or risk to the drivers of mechanical vehicles, they should not enter these areas until it is safe to do so.

The safety of the public and workers on foot is always of primary consideration regardless of the purpose that the vehicle is being used for. A banksman must be used where any vehicle is required to reserve in a public area.

The use of All Terrain (ATV) and Off-Road Utility (ORU) Vehicles is prohibited on the Showground unless they have been authorised for use by the Society.

Drivers must not be under the influence of alcohol or drugs (prescription or otherwise) and anyone considered to be a danger to themselves or others may be removed from the Showground or car parks and the Police will be informed.

Complaints in relation to the way a vehicle is driven on site should be reported to the Operations Manager, the Facilities Manager or Event Safety Officer.

Risk Assessment

A Risk Assessment has been prepared by the Society that identifies potential hazards that could pose a risk during the build-up, breakdown and when the Show is open to the public. A copy of the risk assessment is available on request.

The Risk Assessment is a legal document and will be made available in the event of any subsequent claim or investigation against the YAS or an exhibitor or contractor for negligence or damages arising from any act or incident at the Great Yorkshire Show.

Other Arrangements

Storage

Exhibitors or contractors are not permitted to store items or equipment on the Showground particularly hazardous substances unless prior agreement has been reached with the Show and Trade Stands Co-ordinator prior to the Show or it forms part of the contractual arrangements for the Show. Any items that are stored must be stored in accordance with specific instructions outlined by the YAS and must be stored safely. Liquid Petroleum Gas (LPG) and other flammable items must be stored safely and at least 2 meters from a vehicle, building or structure. Exhibitors and contractors must ensure that the storage of any items or equipment does not contravene fire safety regulations.

Use of Barbecues

The use of barbecues by exhibitors or contractors is not permitted within the showground perimeter unless they form part of a legitimate trade stand demonstration and the necessary safety controls are in place. The STSO must be notified prior to the Show if a barbecue is to be used and approval given in writing.

Disposable barbecues may be used on the Caravan and Camping areas but only by a competent person and must not be left unattended after being lit. Always follow the Safety instructions provided with disposable barbecues and never use a barbecue indoors. Make sure your barbecue is well away from buildings, fences, trees or waste and they should not be placed directly on to the grass. In the event of a fire dial 999 immediately or 01423 546024 (Black Gate) from a mobile phone. Gas barbecues are not permitted in these areas.

COVID-19 Measures

The Event Safety Officer is the designated COVID-19 Officer for the Show and will be assisted in this role by Society staff, Stewards and other contracted security and medical staff.

The Show will adhere to and have in place any Government safety and/or preventative measures during the build up to, and when the Show is open to the public. These may include: -

- Social distancing.
- Advisory safety signage.
- The provision of hand sanitising stations.
- Provision of face masks.
- Controlled and limited access to enclosed areas.
- One-way routes around the Showground.

If you are feeling unwell before you commence work, please stay at home and do not come to work. If you feel unwell whilst you are working at the Show, stop work immediately and go straight to the Medical Centre on the Showground.

The Society has prepared a separate document "**YAS Statement of Intent for 2021 Great Yorkshire Show**" which outlines in greater detail the Society's response to COVID-19 preventative measures at the Show.
