#### **14 The Microchipping of Dogs (England) Regulations 2015**

From 6th April 2016 it is mandatory throughout the United Kingdom for all dog owners to have their dogs microchipped and recorded with a government compliant microchip database by the time they are 8 weeks old, unless they are a Certified Working Dog for which Section 6(3) of the Animal Welfare Act 2006 applies.

Exhibitors should also refer to Regulation 24 below.

#### **16 Code of Practice for the Welfare of Dogs**

1. The Code of Practice applies to all dogs entered at the Show.

Owners, Exhibitors and Hunt Staff must take all reasonable steps to ensure that they meet the following needs of their dogs whilst they are on the Showground or its precincts.

- By entering the Show, you agree to abide by all aspects of the Animal Welfare Act
- If your dog is left in a kennel or vehicle for any period of time you should check it frequently and ensure it is not in danger or distressed. It should be able to move around to ensure its comfort, avoiding becoming too hot or cold. Dogs are vulnerable to heat stress in hot weather and should not be left unattended for long periods of time
- Provide your dog with clean fresh drinking water at all times
- Provide your dog with access to an appropriate place, away from its resting area, which it can use as a toilet area regularly as needed.
- Will clean up after their dogs in public places or anywhere their dogs are being exhibited
- Will ensure that their dogs are kept under effective control at all times and are not a danger to other people or animals
- You should ensure that dogs under your control are handled properly and are not stressed or endangered by other adults, children or animals
- The mating of bitches within the precincts of the Show is forbidden

Breach of this Code of Practice may result in expulsion from the Show, and/or disciplinary action by the Society and/or reporting to the relevant authorities for legal action, as appropriate.

#### **Protocol for Breaking Up a Dog Fight**

2. This Protocol applies in the event of a dog fight occurring at the Show.

Owners, Exhibitors and Hunt Staff should take all reasonable steps to comply with the actions outlined below in the event of one or more of their dogs being involved in a fight.

#### **Escalation Procedure**

1. Act quickly and positively – rapid intervention
2. If possible, remove any other dogs present who are not involved.
3. Raise your voice and make a loud noise i.e. yell and clap your hands.
4. If available use water, a water spray or a high pitch panic alarm to part them.
5. If 3 or 4 above has no effect you will need to part the offending dogs. Call for assistance and working in pairs grab both dogs at the rear of the body at the point where the legs join the body. Move decisively and positively and pull them backwards away from each other and at the same time elevate them into a wheelbarrow position turning them at the same time away from each other. Note: Never elevate a dog by its lower legs or tail.
6. If you are on your own and unable to gain assistance try to startle them into stopping. If this has no effect, you will have to part one of the dogs. Identify the main aggressor and try to use the wheelbarrow technique using your voice to keep the other dog back.
7. If you have a situation where a dog latches onto another dog and will not immediately let go try and assess that the bite is not causing the airway to be compromised or the dog is not panicking. If there is not a need for emergency action, take hold of the collar of the dog that has latched on and try to coax it off with food or wait to see if the situation calms down naturally. Do not pull them apart as this risks tearing and the latching dog will often bite down harder to hang on.
8. If the dog's airway is compromised or it appears to be losing consciousness it is a real emergency and immediate lifesaving action is required. You will have to use whatever means you can to get the latching dog to release the other dog. This may not be easy and may be unpleasant for the latching dog otherwise you may have a dead or seriously injured dog to have to deal with. Sometimes, in very extreme circumstances, the ends may justify the means. Note: Excessive force is not condoned and should not be used as a matter of course.

**31. Disputes arising out of Major Breaches**

Disputes arising out of Major Breaches will be dealt with at a hearing, in private, chaired by the Chief Executive or the Show Director, in the first instance. Evidence will be heard from any witness(es) and submissions will only be allowed from you.

**32.** No representation legal, or otherwise will be allowed at such a hearing.

**33.** The hearing will make a decision which shall be binding on all parties.

**34.** Decisions made in the first instance regarding Major Breaches will be subject to a right of appeal. Should you wish to appeal, you must set out your grounds (reasons) for appeal in writing and these must be lodged with the YAS Chief Executive within 48 hours of the first instance decision.

**35. Appeals** Upon receipt of validly served grounds of appeal, YAS will form a panel of between 3-5 appropriate representatives to hear the appeal (The Appeal Panel). The panel may include Council Members, current and former Presidents and any appropriate expert as the appeal may require. The panel will set an appeal date to take place not before 28 days from the date of the first instance decision and elect a person to chair the Appeal Panel.

**36.** The Appeal Panel at their discretion can appoint a suitably qualified person to provide the Appeal Panel with legal advice, if this occurs and only if this occurs you, the appellant, will be allowed legal representation at any future hearings.

**All appeal decisions shall be final, binding and exclusive. By entering this agreement, you agree that any decision of the Appeal Panel shall be final.**

**37.** The Appeal Panel may make any order to ensure the effectiveness and efficiency of the appeal hearing. This includes: the adjournment of the appeal hearing in order to gather further evidence; request further information or disclosure from you; an order that skeleton arguments or any other documents are provided by the parties to the Appeal Panel; and any other reasonable order. Failure to adhere to any reasonable order will be a waiver of your right to appeal and the first instance decision shall be enforced.

**38.** At the appeal hearing evidence may be heard from witnesses, both in person and in writing. Any witness whose evidence is in dispute must give evidence in person and any other parties will have the opportunity to ask further questions of that witness.

**39.** Opening and closing submissions will be allowed from any party involved in the appeal.

**40.** At the end of the appeal proceedings the Appeal Panel will make a decision. This may be in writing or verbally.

**41.** Sanctions handed down at first instance hearing or any subsequent appeal hearing concerning a Major Breach will be limited to any or all of the following:

- (a) A lifetime Exclusion Order preventing you from ever exhibiting and/or attending the Show;

- (c) An Order to forfeit of prizes and prize monies;
- (d) A fine not exceeding £10,000 to be paid to YAS.

**42. Costs** relating to Minor Breaches or Major Breaches, in the first instance, will be borne by the parties. An Award of costs in relation to appeal proceedings will be decided by the Appeal Panel at the conclusion of the appeal and in the event of a dismissal of the appeal may include any costs incurred by the YAS in relation to the appeal hearing.

## **THE 2022 GREAT YORKSHIRE SHOW - HEALTH & SAFETY POLICY**

This policy is a legal requirement and outlines the roles and responsibilities within the Yorkshire Agricultural Society (YAS) to ensure compliance with its statutory and moral obligations for health and safety at the Great Yorkshire Show.

All Staff (permanent, temporary and contracted), Contractors, Exhibitors, Stewards, Judges and Visitors are expected to comply with the Show Health and Safety Policy and any legal obligations placed upon them.

This policy conforms to the Health and Safety at Work etc Act 1974, the Management of Health and Safety at Work Regulations 1999 and other relevant legislation including the construction (Design & Management) Regulations 2015 (CDM 2015).

### **Organisational Responsibilities**

**Operations Manager:** Nigel Morgan

**Facilities Manager:** Joe Leahy

**Show & Trade Stands Co-ordinator:** Michelle Mackay

**Event Safety Officer:** Phil Atkinson

**Show & Trade Stands Officer:** Emma Donnelly

**Livestock & Entries Co-ordinator:** Amanda Stoddart-West

It is the overall responsibility of the Operations Manager to ensure policy is implemented, and individual responsibilities are fulfilled so far as is reasonably practicable.

The Operations Manager will ensure all activities under the management and control of the YAS fulfil their statutory requirements with regard to health and safety at the Great Yorkshire Show.

The Operations Manager is responsible through effective planning in ensuring risks involved in work activities and the control measures in place are communicated through a process of briefings and the provision of a staff and officials guidance booklet.

The Operations Manager will ensure locations under the control of the YAS and used in connection with the GYS are maintained in a safe condition, entrances and exits used for the movement of people, animals and vehicles are safe and without risk so far as is reasonably practicable.

The Operations Manager assisted by the Facilities Manager will provide up to date safety information for staff, exhibitors, contractors and visitors if individuals are exposed to new or increased risks or are exposed to any substance that may be hazardous to health. The use of all hazardous substances will be supervised by a competent person at all times.

The Facilities Manager is responsible for the management of all Facilities Department staff, contractors and their activities at and in connection with the Show.

### **First Aid**

First aid and medical facilities for the Great Yorkshire Show are provided by a specialist medical contractor who will provide extensive coverage for the 4 days of the show. First aid points are clearly identified on the showground and on maps and in catalogues. All contracted medical personnel are qualified first aid or Emergency Care Practitioners. Persons needing hospital care will be transported to Harrogate District Hospital. There is a dedicated Medical Centre on the Showground with a Doctor in attendance when the Show is open to the public. The Medical Contractor has trained staff at the Show to assist with adults and children at risk.

### **Emergency Procedures**

In the event of a major incident during the Great Yorkshire Show the YAS/GYS emergency procedures will be put into effect. See supplementary document **GYS Major & Critical Incident Plan (January 2022 Reviewed)**.

### **Fire Precautions**

All staff, temporary workers, contractors and exhibitors must comply with the Show Fire Risk Assessments which conform to the requirements of the Regulatory Reform (Fire Safety) Order 2005. This includes persons in charge of activities within temporary structures and marquees including multi-occupancy units.

Prior to opening all trade stands must have a suitable fire extinguisher, a suitable means of raising the alarm, i.e. a battery operated alarm, an air horn or bell. In the case of very small trade stands a verbal warning of fire may suffice. All trade stand staff must understand how to raise the alarm and what action is required in the event of a fire. This requirement is an essential part of the trade stands

contract with the Society. Failure to fulfil this requirement will result in a stand or marquee remaining closed as it compromises the fire safety standards for the Show.

All fire exits must be clearly marked and the route to them will be kept clear at all times. No person shall place an obstruction in aisles, corridors or walkways that are designated escape routes at any time. Fire extinguishers and other safety equipment will be located at easily accessible points and will be clearly visible and identified as fire safety equipment. No person should attempt to use any fire safety equipment which places themselves or others at risk. Fire safety equipment must not be moved, tampered with or used to prop open doors.

The use of naked flames, or any direct burning appliance is prohibited within multi-occupancy marquees and trade stands. This includes candles and other similar items of any type.

**Any person who discovers a fire should dial 999 and inform Event Control or Black Gate Security Point when Event Control is closed.**

To supplement any portable fire safety equipment carried on machinery or plant the YAS will have additional equipment on the site located in the Facilities Department.

### **Vehicle Movements/Speed Limits on the Showground**

Vehicle movements are not permitted on the Showground when the Show is open to the public except essential service and emergency vehicles. The maximum speed limit on the showground for any type of mechanically driven vehicle including ATVs and Quad bikes is 20 mph unless indicated otherwise. This should not be exceeded under any circumstances and due care and consideration should be demonstrated by the drivers of all vehicles when the show is open to the public particularly in crowded public areas and when livestock and horses are moving or visible. In public areas if the volume of the public is so great as to be a hazard or risk to the drivers of mechanical vehicles, they should not enter these areas until it is safe to do so.

The safety of the public and workers on foot is always of primary consideration regardless of the purpose that the vehicle is being used for. A banksman must be used where any vehicle is required to reserve in a public area.

The use of All Terrain (ATV) and Off-Road Utility (ORU) Vehicles is prohibited on the Showground unless they have been authorised for use by the Society.

Drivers must not be under the influence of alcohol or drugs (prescription or otherwise) and anyone considered to be a danger to themselves or others may be removed from the Showground or car parks and the Police will be informed.

Complaints in relation to the way a vehicle is driven on site should be reported to the Operations Manager, the Facilities Manager or Event Safety Officer.

## **Risk Assessment**

A Risk Assessment has been prepared by the Society that identifies potential hazards that could pose a risk during the build-up, breakdown and when the Show is open to the public and the controls in place to remove or reduce the risks. A copy of the risk assessment is available on request from the Operations Manager.

The Risk Assessment is a legal document and will be made available in the event of any subsequent claim or investigation against the YAS or an exhibitor or contractor for negligence or damages arising from any act or incident at the Great Yorkshire Show.

## **Other Arrangements**

### **Storage**

Exhibitors or contractors are not permitted to store items or equipment on the Showground particularly hazardous substances unless prior agreement has been reached with the Show and Trade Stands Co-ordinator prior to the Show or it forms part of the contractual arrangements for the Show. Any items that are stored must be stored in accordance with specific instructions outlined by the YAS and must be stored safely. Liquid Petroleum Gas (LPG) and other flammable items must be stored safely and at least 2 meters from a vehicle, building or structure. Exhibitors and contractors must ensure that the storage of any items or equipment does not contravene fire safety regulations.

## **Use of Barbecues**

The use of barbecues by exhibitors or contractors is not permitted within the showground perimeter unless they form part of a legitimate trade stand demonstration and the necessary safety controls are in place. The STSO must be notified prior to the Show if a barbecue is to be used and approval given in writing.

Disposable barbecues may be used on the Caravan and Camping areas but only by a competent person and must not be left unattended after being lit. Always follow the Safety instructions provided with disposable barbecues and never use a barbecue indoors. Make sure your barbecue is well away from buildings, fences, trees or waste and they should not be placed directly on to the grass. In the event of a fire dial 999 immediately or 01423 546024 (Black Gate) from a mobile phone. Gas barbecues are not permitted in these areas.

## **COVID-19 and other Public Health Safety Measures**

The Event Safety Officer is the designated COVID-19 Officer for the Show, if required, and will be assisted in this role by Society staff, stewards and other contracted security and medical staff.

The Show will adhere to and have in place any Government health safety measures during the build up to, and when the Show is open to the public if required at this time.

If you are feeling unwell before you attend the Show, you **must** stay at home. If you feel unwell when you are at the Show STOP what you are doing and go straight to the Medical Centre near White Gate.
