This means the animal should be healthy enough to tolerate the entire journey it is about to make (including loading, unloading and any journey breaks) with no or very little adverse effect on it and the journey should not cause the animal any suffering or injury. The means of transport must be designed, constructed, maintained and operated so as to avoid injury and suffering and ensure the safety of the animals. A journey includes the period from the loading of the first animal to the unloading of the last animal. Any animal entered in the Show that is not fit to travel should be left at the holding premises.

The transport of pregnant animals for whom 90% or more of the expected gestation period has already passed, or who have given birth in the previous week is prohibited. Any animal entered to which these criteria apply should not be brought to the Show under any circumstances. In public areas if the volume of the public in these areas is so great as to be a hazard or risk to the drivers of mechanical vehicles they should not enter these areas until it is safe to do so.

A copy of the risk assessment is available on request from the Operations Manager.

**The Risk Assessment is a legal document and will be made available in the event of any subsequent claim or investigation against the YAS or an exhibitor or contractor for negligence or damages arising from any act or incident at the Great Yorkshire Show.**

## **Other Arrangements**

**Disposable and gas barbecues are not permitted in the Caravan and Camping areas or car parks under any circumstances as they are considered a serious fire risk.**

### **Public Health Safety Measures**

## **FOR YOUR SAFETY**

Please follow any health protection measures including COVID-19 that may be in place at the Show. These are outlined in the Visitor's Code of Conduct on the Show web site.

### **HEALTH PROTECTION STATEMENT**

The Yorkshire Agricultural Society looks forward to welcoming you to the 2024 Great Yorkshire Show. In line with current government guidance on the admission of visitors to the Showground, the Code of Conduct acts to principally guide and advise you of any protocols in place during the event. The organiser's, the YAS has put in place a range of health protection measures to ensure the safety of all visitors to the Show. However, it is vitally important that everyone plays their part in making the event safe and enjoyable and we need your continued support and cooperation to achieve this. Visitors are therefore kindly reminded of the requirement to adhere to the Code of Conduct, and follow all safety requirements, to assist staff and stewards, and to help protect you and your fellow visitors.

Access around the Showground is by concrete or tarmac footpaths and roads. Some parts of the Showground are sloping and mainly grass which may be difficult for visitors with limited mobility and wheelchair users.

### **Evacuation & Safety Announcements**

In the unlikely event of an evacuation of the Showground please follow any instructions given to you by Stewards, Officials or Police Officers or over one of the public address systems. You will be directed to vacate the Showground by the nearest exit and to go to the back of the car park opposite the exit to wait for further instructions, unless advised otherwise.

If a full or partial evacuation of the Main Ring and/or White Rose Ring Grandstands or the Exhibition Halls is required, an announcement will be made over the PA system in those areas.

Please listen carefully to any safety announcement which may direct you to a specific area on or around the Showground. Evacuation should be undertaken calmly and quickly taking any personal items with you. Stewards, the Police and Officials will direct and provide you with further information. Further announcements including updates via social media may be made explaining the nature of the incident and any additional action you may be required to take.

You should not attempt to re-enter the Showground or a building until you are advised to do so for safety reasons.

### **Health & Hygiene**

Visiting The Great Yorkshire Show is an enjoyable and educational experience. However, such visits can never be free from all risks. Farm animals naturally carry a range of microorganisms, some of which may be harmful to people even when the animals appear clean and healthy.

Microorganisms such as E. coli O157 and Cryptosporidium are a particular health risk, especially for young children, expectant mothers, and the elderly.

Touching animals, consuming contaminated food or drink and contact with dirty surfaces may lead to infection if microorganisms are accidentally transferred into the stomach.

Washing hands thoroughly with soap and water immediately after contact with animals will reduce the risk of infection. Hand gels or wipes are not a substitute for washing hands with running water in an agricultural environment.

There are several permanent toilet blocks with washing facilities on the Showground and their locations are clearly indicated on the Showground map.

Always wash your hands thoroughly with soap and warm water after contact with any animal.

Animals have feelings too please respect them and keep a safe distance as a startled animal may well kick-out or bite!
